Opening the Newberg Clinic

Earlier this month, [Virginia Garcia CEO Gil Muñoz](#) took to the pages of the [Newberg Graphic](#) to welcome members of the community to visit our newest clinic in Newberg. The primary care clinic is now open to patients and the dental clinic will open when construction is complete later this summer.

The Newberg Clinic will also facilitate mobile health care and outreach programs to farmworkers at nearby migrant camps and commercial nurseries, providing education and clinical services to families where they live and work.
