WHO WILL FOLLOW THIS NOTICE

This notice describes the information privacy practices followed by our employees, staff and other office personnel.

YOUR HEALTH INFORMATION

This notice applies to the information and records we have about your health, health status, and the health care and services you receive at all Virginia Garcia Memorial Health Center (VGMHC) clinics and pharmacies. Your health information may include information created and received by this office, may be in the form of written or electronic records or spoken words, and may include information about your health history, health status, symptoms, examinations, test results, diagnoses, treatments, procedures, prescriptions, related billing activity and similar types of health-related information.

We are required by law to give you this notice. It will tell you about the ways in which we may use and disclose health information about you and describes your rights and our obligations regarding the use and disclosure of that information.

HOW WE MAY USE AND DISCLOSE HEALTH INFORMATION ABOUT YOU

We may use and disclose health information for the following purposes:

- **For Treatment.** We may use health information about you to provide you with medical treatment or services. We may disclose health information about you to doctors and other licensed independent practitioners, pharmacists, dentists, nurses, technicians, office staff or other personnel who are involved in taking care of you and your health.

For example, your doctor may be treating you for diabetes and may need to talk to a specialist doctor about your condition in order to better treat your condition

Different personnel in our office may share information about you and disclose information to people who do not work in our office in order to coordinate your care, such as phoning in prescriptions to your pharmacy, scheduling lab work and ordering x-rays. Family members, caregivers and other health care providers may be part of your medical care outside this office and may require information about you that we have.

- **For payment.** We may use and disclose health information about you so that the treatment and services you receive at this office may be billed to and payment may be collected from you, an insurance company or a third party.

For example, we may need to give your health plan information about a service you received here so your health plan will pay us or reimburse you for the service. We may also tell your health plan about a treatment you are going to receive to obtain prior approval, or to determine whether your plan will pay for the treatment.

- **For Health Care Operations.** We may use and disclose health information about you in order to run the office and make sure that you and our other patients receive quality care.

For example, we may use your health information to evaluate the performance of our staff in caring for you. We may also use health information about all or many of our patients to help us decide what additional services we should offer, how we can become more efficient, or whether certain new treatments are effective.

We may disclose your health information to health plans that provide you insurance coverage and other health care providers that care for you. Our disclosures of your health information to plans and other providers may be for the purpose of helping these plans and providers provide or improve care, reduce cost, coordinate and manage health care and services, train staff and comply with the law.

We may also share your health information with the Oregon Community Health Information Network or other third party "business associates" that perform various activities (e.g., scheduling, medical record maintenance, accounting, billing, legal or transcription services) for the practice. Whenever an arrangement between our office and a business associate involves the use of disclosure of your health information, we will have a written contract that contains terms that will protect the privacy of your protected health information.

- **Appointment Reminders.** We may contact you by phone or mail as a reminder that you have an appointment for treatment or medical care at the clinic or prescription pick-up.
- **Treatment Alternatives.** We may tell you about or recommend possible treatment options or alternatives that may be of interest to you.
- **Health-Related Products and Services.** We may tell you about health-related products or services that may be of interest to you. For example, we may call new mothers and offer parenting classes.

Please notify us if you do not wish to be contacted for appointment reminders, or if you do not wish to receive communications about treatment alternatives or health-related products and services. If you advise us, **in writing**, at the address listed at the top of this Notice, that you do not wish to receive such communications, we will not use or disclose your information for these purposes.

- **Fund Raising.** We may contact you to ask you to share your success story for fundraising purposes. Please complete the FUNDRAISING OPT OUT FORM or notify us in writing if you do not wish to be contacted for fundraising purposes. If you advise us **in writing** (at the address listed at the top of this Notice) that you do not wish to receive such communications, we will not contact you for this purpose.

SPECIAL SITUATIONS

We may use or disclose health information about you for the following purposes, subject to all applicable legal requirements and limitations:

- **To Avert a Serious Threat to Health or Safety.** We may use and disclose health information about you when necessary to prevent a serious threat to your health and safety or the health and safety of the public or another person.
- **Required By Law.** We will disclose health information about you when required to do so by federal, state or local law.
- **Research.** We may use and disclose health information about you for research projects that are subject to a special approval process.
- **Organ and Tissue Donation.** If you are an organ donor, we may release health information to organizations that handle organ procurement or organ, eye or tissue transplantation or to an organ donation bank, as necessary to facilitate such donation and transplantation.
- **Military, Veterans, National Security and Intelligence.** If you are or were a member of the armed forces, or part of the national security or intelligence communities, we may be required by military command or other government authorities to release health information about you. We may also release information about foreign military personnel to the appropriate foreign military authority.
- **Workers' Compensation.** We may release health information about you for workers' compensation or similar programs. These programs provide benefits for work-related injuries or illness.
- **Public Health Risks.** We may disclose health information about you for public health reasons in order to prevent or control disease, injury or disability; or report births, deaths, suspected abuse or neglect, non-accidental physical injuries, reactions to medications or problems with products.
- **Health Oversight Activities.** We may disclose health information to a health oversight agency for audits, investigations, inspections, or licensing purposes. These disclosures may be necessary for certain state and federal agencies to monitor the health care system, government programs, and compliance with civil rights laws.
- **Lawsuits and Disputes.** If you are involved in a lawsuit or a dispute, we may disclose health information about you in response to a court or administrative order. Subject to all applicable legal requirements, we may also disclose health information about you in response to a subpoena.
- **Law Enforcement.** We may release health information if asked to do so by a law enforcement official in response to a court order, subpoena, warrant, summons or similar process, subject to all applicable legal requirements.
- **Coroners, Medical Examiners and Funeral Directors.** We may release health information to a coroner or medical examiner. This may be necessary, for example, to identify a deceased person or determine the cause of death.
- **Information Not Personally Identifiable.** We may use or disclose health information about you in a way that does not personally identify you or reveal who you are.
- **Family and Friends.** We may disclose health information about you to your family members or friends if we obtain your verbal agreement to do so or if we give you an opportunity to object to such a disclosure and you do not raise an objection. We may also disclose health information to your family or friends if we can infer from the circumstances, based on our professional judgment that you would not object. For example, we may assume you agree to our disclosure of your

personal health information to your spouse when you bring your spouse with you into the exam room during treatment or while treatment is discussed.

In situations where you are not capable of giving consent (due to your incapacity or medical emergency), we may, using our professional judgment, determine that a disclosure to your family member or friend is in your best interest. In that situation, we will disclose only health information relevant to the person's involvement in your care. For example, we may inform the person who accompanied you to the clinic that you suffered a heart attack and provide updates on your progress and prognosis. We may also use our professional judgment and experience to make reasonable inferences that it is in your best interest to allow another person to act on your behalf to pick up, for example, filled prescriptions, medical supplies, or X-rays.

OTHER USES AND DISCLOSURES OF HEALTH INFORMATION

We will not use or disclose your health information for any purpose other than those identified in the previous sections without your specific, written *Authorization*. If you give us *Authorization* to use or disclose health information about you, you may revoke that *Authorization*, **in writing**, at any time. If you revoke your *Authorization*, we will no longer use or disclose information about you for the reasons covered by your written *Authorization*, but we cannot take back any uses or disclosures already made with your permission.

In some instances, we may need specific, written authorization from you in order to disclose certain types of specially-protected information such as substance abuse information for purposes such as treatment, payment and healthcare operations.

YOUR RIGHTS REGARDING HEALTH INFORMATION ABOUT YOU

You have the following rights regarding health information we maintain about you:

- **Right to Inspect and Copy.** You have the right to inspect and copy your health information, such as medical, dental, and billing records, that we keep and use to make decisions about your care. You must submit a written request to the clinic manager in order to inspect and/or copy records of your health information. If you request a copy of the information, we may charge a fee for the costs of copying, mailing or other associated supplies. We will notify you of the cost involved and you may choose to withdraw or modify your request at that time before any costs are incurred. A modified request may include requesting a summary of your medical record. You have the right to request a copy of your health information in electronic form if we store your health information electronically.

We may deny your request to inspect and/or copy your record or parts of your record in certain limited circumstances. If you are denied copies of or access to, health information that we keep about you, you may ask that our denial be reviewed. If the law gives you a right to have our denial reviewed, we will select a licensed health care professional to review your request and our denial. The person conducting the review will not be the person who denied your request, and we will comply with the outcome of the review.

- **Right to Amend.** If you believe health information we have about you is incorrect or incomplete, you may ask us to amend the information. You have the right to request an amendment as long as the information is kept by Virginia Garcia Memorial Health Center.

To request an amendment, complete and submit a REQUEST TO AMEND OR CORRECT HEALTH RECORD FORM to the clinic manager.

We may deny your request for an amendment if your request is not **in writing** or does not include a reason to support the request. In addition, we may deny or partially deny your request if you ask us to amend information that:

- We did not create, unless the person or entity that created the information is no longer available to make the amendment
- Is not part of the health information that we keep
- You would not be permitted to inspect and copy
- Is accurate and complete

If we deny or partially deny your request for amendment, you have the right to submit a rebuttal and request the rebuttal be made a part of your medical record. VGMHC also has the right to file a rebuttal responding to yours in your medical record. You also have the right to request that all documents associated with the amendment request (including rebuttal) be transmitted to any other party any time that portion of the medical record is disclosed.

Right to an Accounting of Disclosures. You have the right to request an “accounting of disclosures.” This is a list of the disclosures we made of medical information about you for purposes other than treatment, payment, health care operations, when specifically authorized by you and a limited number of special circumstances involving national security, correctional institutions and law enforcement.

To obtain this list, you must submit a REQUEST FOR ACCOUNTING OF DISCLOSURES FORM including the time period, which may be no longer than six years. Your request should indicate in what form you want the list (for example, on paper, electronically). Submit requests to the site manager.

The first list you request within a 12-month period will be free. For additional lists, we may charge you for the costs of providing the list. We will notify you of the cost involved and you may choose to withdraw or modify your request at that time before any costs are incurred.

- **Right to Request Restrictions.** You have the right to request a restriction or limitation on the health information we use or disclose about you for treatment, payment or health care operations. You also have the right to request a limit on the health information we disclose about you to someone who is involved in your care or the payment for it, like a family member or friend. For example, you could ask that we not use or disclose information about a surgery you had.

We are not required to agree to your request. If we do agree, we will comply with your request unless the information is needed to provide you emergency treatment or we are required by law to use or disclose the information.

We are required to agree to your request if you pay for treatment, services, supplies and prescriptions “out of pocket” and you request the information not be communicated to your health plan for payment or health care operations purposes. There may be instances where we are required to release this information if required by law.

To request restrictions, you may complete and submit the REQUEST TO RESTRICT USE & DISCLOSURE OR CONFIDENTIAL COMMUNICATIONS FORM to the site manager.

- **Right to Request Confidential Communications.** You have the right to request that we communicate with you about medical matters in a certain way or at a certain location. For example, you can ask that we only contact you at work or by mail.

To request confidential communications, you may complete and submit the REQUEST TO RESTRICT USE & DISCLOSURE OR CONFIDENTIAL COMMUNICATIONS FORM to the site manager. We will not ask you the reason for your request. We will accommodate all reasonable

requests. Your request must specify how or where you wish to be contacted.

- **Right to a Paper Copy of This Notice.** You have the right to a paper copy of this notice. You may ask us to give you a copy of this notice at any time. Even if you have agreed to receive it electronically, you are still entitled to a paper copy. [*You may also find a copy of this Notice on our web site.*]
